

AMENDMENT AND PRESENTATION OF CLAIMS

Please cancel claims 2-109 without prejudice or disclaimer.

1. (Original) In a telecommunication system, a method comprising the steps of:
providing a group of services that are accessible through a single phone number for a subscriber;
offering a first caller at the single phone number a first subset of the group of services;
and
offering a second caller of the single phone number a second subset of the services.

2 – 109. (Canceled)
